=====

SCRIP TALK NOTES AND COMMENTS: We have a few articles for publication that were not included due to space limitations this issue. Ten pages is the max to make the 52c mailing rate. ....The Editor has just received the Harry Dunn collection for future sale listings. This nice collection -over 1200 pieces- will take several issues to get it all listed. Watch for it in future issues.....Today (2/18/94) our temperature is up to 65+. This after one of our most severe winters ever. But, I still remember our big blizzard of March '93 so am not ready to shed the 'long handles' yet. Hi!... More later..

MAY MEETING AUCTION  
JENNY WILEY STATE PARK, PRESTONSBURG, KY.      MAY 7, 1994

This auction will be conducted after dinner Saturday, May 7, 1994. This listing is published in SCRIP TALK so that those members who cannot get to the meeting can submit bids and have them placed in competition with Floor Bidders. The Auction Coordinator will bid for you exactly as if you are there. We don't try to get the maximum you bid. We only compete with the Floor Bidders. Many Mail Bidders have been successful in the past for less than their maximum bid. So, please bid the most you are willing to pay.

This time we again have a good mix of coal, lumber, picture, explosive control and car checks plus a number of merchants and a piece from England. You will find tokens from AL, AR, AZ, CO, IL, IN, KY, OH, PA, TN, UT, VA, WV AND ENGLAND. There are several \$5.00 pieces, a few Bimetal, a number of brass, nickel and aluminum pieces and a plastic 5¢ piece from Burk Supply. The pieces are considered to be in collectible condition, although some have been used a lot and show wear, stain and dents. We have tried to describe the worn or damaged pieces, but cannot guarantee that we got all of them.

Bidding is limited to NSCA members only. If non members want to bid, send a check for \$5.00 with your bid, and we will enroll you as a member for one year, subject to approval by the Executive Committee. POSTAGE will be added to all invoices.

Please send your bids to BILL WILLIAMS, AUCTION COORDINATOR, 152 Kawga Way, Loudon, TN 37774 so as to arrive not later than Wednesday, May 4. I am leaving for the meeting early on Thursday. Phone bids will be accepted until 11:00 PM Wednesday, May 4. (615 458 9427). High bids will not be disclosed.

We also sell "Edkins' Coal Company Catalog" Vol I (all states except WV), Same Vol II (WV Only), Dodrill's "20000 Coal Company Stores," Schenkman's "Explosive Control Tokens," and Trantow's "Lumber Company Catalog" (original edition). Special member prices are available on request.

Good Luck with your bids, and Thanks for bidding. Now, the List.

NOTE: We asked our consignors to give us a Minimum Bid as low as possible that would clear their cost plus NSCA commission. Since many of these pieces were purchased years ago, they gave us unreasonably low Min Bids, on today's market. Please take this into consideration in your bidding. Many Thanks. Your help is needed for information on the following two Companies.  
KY1939 C Series Morris Saylor, Mulus, KY. A foil for C5 was received with note that the token is BiMetal with Brass ring and Copper center. The C25 C50 are listed as BiMetal, but no data on unique metal combination. We do not have foil for these two pieces. Someone, PLEASE send us foils with metal combination noted.

KY2115 A Series Wallins Creek Collieries Co. (Oleika Ky) A collector told us that his A25 was spelled "WALLINS" rather than "WALLENS" as listed in Edkins. We checked file foils for A10 & A50 and found them to be spelled "WALLINS". We need foils for A5 & A100 to assist in the verification of the spelling. In the meantime we are changing to "WALLINS".

Thanks Steve for bringing this to our attention

IN256 Ala & Alb Sunshine/Coal/Co.(Bicknell, Ind.). Both pieces are B.21 Rd Sd and Uniface. The denomination is not on either piece. The easiest difference to note is the circle of dots inside the rim on the reverse. On the Ala, the dots are connected. On the Alb, the dots are separated. Also on the OB of the Ala, a line drawn across the top of the word COAL will touch the 'S' and the 'E' in Sunshine. While on the Alb, the line clearly will be below the 'S' & 'E'. The Company is listed in the 1949 D&B at Bicknell, Ind. In view of the diameter of the pieces (20.5 mm), Lloyd Wagaman, the Indiana expert, believes they were used as 1c pieces. Thanks Lloyd.

KY1414 Al00 LeMoyne Mines (Isom Ky.). This Company is listed in Edkins as being in Whitley County, Ky. Research has shown that the town of ISOM is in Letcher County. Dave Whisman search the records and concluded that the Company never operated in Letcher County. Further research by Crawford Blakeman found LeMoyne Mines listed at ISHAM in Scott County, Tenn., in the State of Tennessee Annual Reports of Mining Department on January 1, 1907, 1908 & 1909. F.E. LeMoyne is listed as Superintendent in 1907 and J.C. Walker in 1908 & 1909. In view of this positive documentation we are relisting the Company as TN1412, ISHAM, (Scott County) Tenn: Al00 A 33 Oc Sd Good For/1.00/LeMoyne/Mines/-In-/Merchandise///100. Thanks Crawford and Dave. *Rarity R10*

WV161 B Series Service Stores Corporation, Preston Division: We found  
that WV161 B Series is exactly the same as the tokens listed at WV1527  
C Series. So, we deleted the 161 B Series and moved it to WV1527, which  
is in Preston County. We later received a foil reading Service Stores  
Corporation, Marion Division. Since there is no listing for Marion Div-  
ision in the Catalog and since Barrackville is in Marion County, we  
concluded that the Marion Division tokens belonged at Barrackville.  
So, we are placing them as the WV161 B Series.

TX2701 Strawn Coal Mining Company: All of the D Series file foils have  
a slash mark (/) between Coal and Mining like the E Series. The D50 foil  
and the E50 foil are exactly the same. So, we are deleting the E50.

TX2701 Strawn Merchandise G & H Series: The 25, 50, 100 and 200 of both  
series have the words 'So. Stp. & Sta. Co./Richmond, Va.' on the obverse.  
Please add this information to your catalog listings.

WV1481 B50a, b, & c N.R. & P. Stores: The file foil of the B50 has "Reg U.S.  
Pat." and two stars on the reverse. Another B50 has been reported with  
"Reg U.S. Pat. Off." and two stars. And still another with "Reg. U.S.  
Pat. Off." and NO stars. Change the book listing to B50a. Add the Pat.  
Off. with two stars as B50b and the one without stars as B50c.

WV1481 B100a & b N. R. & P. Stores: A 100 token has been reported with-  
out any stars on the reverse. The file foil of B100 has two stars on  
the reverse. Change B100 to B100a and add B100b.

KY2893 H Series Verda Supply Co. Inc, Verda, Ky.: All of the file foils  
of this series (5, 10, 25, & 50) have 'Verda Supply Co./Inc./Denomination/  
Verda, Ky.' The book does not show that the denomination is on the OB.  
Change the book description and also note that the 50 also has two stars  
on the reverse like the 25.

WV91 B5 Leckie Smokeless Coal Co.: The file foil has MMISC Des Pat/ In  
Trade on the Reverse. Add the 'IN TRADE' to the book description.

WVMX37 & MX38 New River Collieries Company Powder.; The difference in  
these two pieces is that the MX38 has a CSTP 'W' on both sides. Also  
there is a MX37b with a man made hole punched in it.

KY2839 A Series Evans-Jellico/Coal/Co./Trosper/Ky.: Change title of  
A Series to read as shown here. Also Trosper is located in Knox County  
NOT Bell County. So please make this change also.

POCAHONTAS SUPPLY CO., CASS, W.Va. (Pocahontas County)  
By Bill Williams, Catalog Committee Chairman

Tokens from Pocahontas Supply Company can be considered to be both Coal and Lumber scrip. The following documentation was abstracted from the book "Tumult On The Mountain" by Roy B. Clarkson, published in 1964. While it pertains primarily to lumbering in West Virginia, it also has information about coal mines which were owned by the lumbering Company.

The town of Cass was built in 1900 as a construction camp by S. E. Slaymaker, when he started building a standard gauge railroad up Leatherbark Creek. The railroad was to be used to transport logs from the upper levels of Cheat Mountain and surrounding areas, down to the mill. The railroad was known as the Greenbrier Cheat and Elk R.R.

In 1902, the W.V. Spruce Lumber Co constructed a large double band sawmill at the mouth of Leatherbark Creek. In the same year, the town was incorporated as Cass, W.Va. It was named for Joseph K. Cass, Chairman of the Board of W.V. Pulp & Paper Co. The mill's first cut was made on 2-12-02. In a few years, it contained a large company store known as Pocahontas Supply Co, a hotel, two schools, three churches, and numerous other commercial buildings, plus 400 Company owned dwellings and a number of private homes.

1910

About the mill ownership was transferred to the W.V. Pulp & Paper Co.. In 1942 it was sold to Mower Lumber Co., who operated it until July 1, 1960, when operations ceased.

The railroad and equipment consisted of 85 miles of track, 12 Shay locomotives, over 100 standard 40' flat cars, a machine shop, foundry and repair shop. At the peak of operations the company cut 35 million feet of lumber each year and shipped 44 cars of pulpwood daily to W.V. Pulp & Paper company in Covington, VA.

The Company built the town of Spruce along the railroad at an elevation of 3853 feet. North of Spruce, the company operated five coal mines. Their production was used to supply fuel for the trains, skidders, and loaders and other equipment operated by the company. Coal also was sold on the local market.

When the mill closed in 1960, most of the track, skidders, loaders, engines and other equipment was sold for junk, and the town began to fade away. But in 1962, the State of W.V. purchased 12 miles of track, three Shay Engines, 10 Flatcars, four Camp Cars, a Water Tank, the machine Shop and Shop Equipment. In 1963, the railroad was renovated, renamed the Cass Scenic Railroad, and the Department of Natural Resources began its operation as a scenic trip for tourist. In the first season of 73 days, 22,956 passengers paid to ride the train. The book does not say so, but it is presumed the tourist facilities are still operating.

Although the Company primarily was a Lumber and Pulpwood operation, it did operate Coal Mines to fuel operations and sell locally. The Pocahontas Supply Co was built and owned by the Lumber Company, and for many years supplied the company employees and neighboring farms with canned goods, salt, feed, fertilizer, nails, shoes and other essentials.

It, therefore, can be considered that the tokens issued by the Company as Pocahontas Supply Co. can be listed as both coal & Lumber scrip.

## TALK

This, my final issue as Editor of "SCRIP TALK", is a very difficult chore for me. The Janitor and I have enjoyed the task of preparing this epistle for the past twenty-eight years. (The first issue was in July of 1966 and has continued since except for a couple of years when Fred Lange issued a bulletin.) I have enjoyed (?) the many, many hours of typing, preparing the stencils, running the mimeograph, folding pages, inserting in envelopes, etc. for the 1,670 collectors who have been "in and out" as members of NSCA over the years. My best regards to the new Editor (unknown to me as I prepare this).

Now, I look forward to the new task of conducting Mail Auction sales of coal, lumber and other misc. tokens as an individual dealer. I hope to have the first sale in the mail shortly after the May NSCA convention. As in the past sales, the format will be about the same. I hope to have about 200 lots in each sale and the computer will be used to list all lots, enter all bids, prepare all invoices and mailing labels, provide a print-out for each consignor, etc.

Too, we will be aggressive buyers of tokens at shows and will be seeking consignments from YOU of higher rarity tokens for the mail sales. If you would like to discuss this, I look forward to hearing from you. The normal 20% selling commission will continue and there will be a postage charge only for items that do not sell in event you want a "minimum bid" for particular lots. Too, we would ask that you list each lot in the consignment using the same format that has been used for listing the lots in the past NSCA Mail sales.

And, I want to thank the many, many who have written asking to have their names placed on our new mailing lists. I especially want to send a special "thank you" to the many who wrote letters and notes regarding the changes being made in NSCA at the present time. I will not have time to answer each letter personally but want you to know that I sincerely appreciate your comments.

If you have not returned your request to be placed on the new mailing list, drop me a note today. Because of high postage costs, we must know that you WANT to receive the lists and WANT to become an active bidder.

X  
"THE JANITOR"

*Wants*

# Wrap - Up

A FINAL PAGE OF THIS AND THAT AS TIME AND SPACE PERMITS..

The President's comments and the FREE ADS did not reach us in time to be included in this issue. I would imagine that a host of things will be on the agenda to be worked out at the meeting in Prestonsburg, KY in May. According to word I have received many amendments will be offered for the new Constitution and By-Laws. Too, much important details will have to be worked out at the general membership meeting on Saturday night just after the dinner. Would suggest that you make every effort to attend this important meeting. In event the rooms are gone at the May Lodge, give Dave Whisman a call (see front page) for locations of additional rooms in the immediate area.....

*In reply to several who have asked, "YES" I plan to remain as a member of NSCA. I also plan to have a "comments" and "letters" page in the Mail Auction Sale bulletins that I will be mailing to all NSCA members who have requested that their names be placed on the computer mailing list...*

Scriptor Jim Thompson has paid the \$200.00 to become a LIFE MEMBER of NSCA. It might be a good idea for you to consider this since a dues increase (?) would make the LIFE membership cost go up (twenty times the annual dues rate at the time of your payment. Thus, if dues go to \$15.00, the LIFE membership would cost you \$300.00 so you can save \$100.00 by paying now. The new Secretary of NSCA (who ?) will no doubt point this out to you in the next issue of "SCRIP TALK" that you receive.

*As I was preparing this -my final issue as Editor- I could not help but recall the discussion I had with the late Paul Jensen when I told him that we might get ten or fifteen people to pay annual dues in a scrip collector's organization. Was I ever wrong? As noted previously, 1,670 people have been in and out of NSCA over these many years. Too, many other thoughts come to mind as this is typed but it would take many pages to list all of the good and bad things that I have experienced. Let's just close by reminding you to watch for mail for me in the immediate future. Again, "THANKS".....*

SPECIAL EDITION 22ND ANNIVERSARY N. S. C. A.. INC. KNIVES

BY: W. C. Stump

ONE OF TWENTY FIVE

A limited edition collector's knife has been produced for me in an extremely limited production of only twenty five units. Each knife is a Case "Trapper", serial numbered, engraved, and has a white coal miner etched into the black handle as depicted in the official logo of the National Scrip Collectors Association, Inc. Each blade is engraved with the Name of our organization and the name and date of the Spring meeting to be held at Prestonsburg, Ky.. May 6-7, 1994. The knife comes in a attractive wooden presentation case marked W. R. Case & Sons Cutlery Co. on the top and on the inside of the case. Also included is a certificate signed by President John J. Podgurski.

To order your 22nd anniversary knife, use the order form below or call (606) 573-6868. Those members who purchased the 1992 20th Anniversary N. S. C. A. knife and want to have the same serial number on your 1994 Case knife, call immediately and I will reserve that number for you.
